

Confirmation of written instructions to monitor telephone calls

Name of the young person: _____

I _____

From _____ (Social Services)

Herby request that Pear Tree support the young person to use the house phone responsibly and as a result of child protection issues to monitor indirectly / directly using a speaker phone (delete applicable), all telephone calls to the following people listed below. I also acknowledge that as there are calls that need to be monitored by the young person named above or others in the home that all young people in the home must only use the telephone when the staff are aware and in a position to act accordingly.

Please List below any restrictions on telephone use and any monitoring to be put in place.

Signed:
(Social worker)
